Northeast Fire & Rescue Company

Annual Report - 2023

Message from the Fire Chief

I would like to express my sincere thank you to all of our active members, both Operational & Support who served the Company throughout the year. The year proved to be another busy year, both by incidents and activities. Some of our major accomplishments were the design and order of a new brush/attack unit, intaking of new members, placing the final touches on the phase 2 plan of the new station and land development breaking ground. We brought everyone home and had no severe injuries reported throughout the year, another major win. In this report, you will find a snapshot of our statistics from the 2023 year. Moving into 2024, I am dedicating the focus of our Operational Leadership, including myself to pushing and dedicating ourselves to more training including Officer development. Along with focusing on training, I will be working on completely updating our Standard Operating Manual, SOP's and General Orders along with striving to secure more funding sources for our operational expenses.
